

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Through the curriculum of the university; our college integrates various cross cutting issues such as gender equity and sensitization and professional ethics. The syllabi of the courses in college cover the cross-cutting issues with all aspects through theory and practical basis of it. The most of the topics from the courses of Arts, Commerce and Science consist of many units that cover topics related to these issues such as the literature of three languages as well as the topics in Science, Social sciences, Environmental sciences, and Commerce incorporate Human values, social values as well as professional ethics like honesty, integrity, humanity, sense of responsibility and equality, brotherhood are the key concepts in the curriculum followed by the college. The Departments of social sciences include the key concepts like Human Rights and Justice, liberty and equality in their syllabi. For students in Commerce faculty the courses like Business Ethics and Values are taught through their syllabi and workshop, group discussion and classroom seminars are conducted. Environmental Studies is compulsory subject for the students of B.AII and B.com II. It is taught through theory and field work projects to inculcate environmental values amongst the students. For the students in science, they learned all these values from different subjects like Physics, Chemistry, Biology etc. The burning issues related to environment are studied and researched by the students through their projects, poster presentation on different topics. Environmental consciousness is created by NSS and NCC Volunteers and Cadres through tree plantation, water conservation, village cleanliness campaign and plastic and tobacco free campus. To save energy and minimize environmental pollution college maximizes use of LED bulbs.

To create gender Awareness College ensures safe and secured environment for girl students through the discipline committee and through Internal Grievance Committee. Co-curricular activities such as workshop, guest lectures are organized by the college to enhance the crosscutting issues. Special activities like Save Girl Campaign; Swatch Bharat Abhiyan, Voter Awareness Rally, AIDS Awareness, Blood Donation Camp, Celebration of constitution Day are organized in the college. All the above cross cutting issues related to Human values, Ethics, Environment and Gender Equity are always addressed in various activities of Vivek Vahini. College conducts Green Audit, Energy Audit and Gender Audit to address and monitor the activities of the above cross-cutting issues in concern with curriculum.

1.3 Cross-cutting issues relevant to:

Name of the faculty: Mr. T. S. Tambade.
