As our college belongs to rural area and 100% of our students come from rural side, there is lack of internet connectivity and speed. We have arrange number of webinars during lockdown and students are eager to attend the webinars, but due to insufficient internet speed and connectivity, its hard for them to listen to speakers without interruptions.</p> <p><b>Resources required-</b></p> <ol style="list-style-type: none"> <li>1. ***Best Practice No. II***

Sr. No.	Title	Description
1.	<b>Title of the Practice</b>	Celebration of World Women's Day
2.	<b>Objectives of the Practice</b>	<ol style="list-style-type: none"> <li>1. To raise awareness for women's equality.</li> <li>2. To build more equitable society.</li> <li>3. To express love and gratitude towards women's contribution to our lives.</li> <li>4. To honour the power and struggles of women who have broken all barriers and reached the pinnacle of success in every sphere of life.</li> <li>5. To express their right to speech, to vote, to equality, to education, to income and most importantly, to freedom.</li> </ol>
3.	<b>The Context</b>	<p>Woman – the power to create, nurture and transform! The word 'woman' conjures up the images of selfless love, care and affection. At the same time, women ignite the spirit of power and hope. Unfortunately, across the world, women had to fight for their independence and protection of rights. Women's Day is celebrated globally on 8 March every year in honour of their remarkable contribution to our society. The day also commemorates the inspiring role of women around the world to secure women's rights and build more equitable societies. Women's Day also remembers the voices of many women that go unheard and who continue to be dominated from securing their rights and realizing their full potential. Our institution thinks celebration of International Women's Day is the ideal way to express our love and gratitude for women in life and to motivate girl students in our institution.</p>
4.	<b>The Practice</b>	<p>Our institution celebrates International Women's Day in the campus every year. On this day, we try to acknowledge the great women across the world who fought to achieve the equality in society and different rights. The college organizes guest lectures on this occasion and the speaker invited is of course a women speaker. All the girl students are invited to the program in our college hall and are motivated through the arranged sessions. All the students are introduced to the great deeds of women from</p>

		various fields, from various nations and motivated to take higher education, to fight for equal rights and equal status in all walks of life.
<b>5.</b>	<b>Evidence of Success</b>	<ol style="list-style-type: none"> <li>1. Many girl students record their presence in the hall every year.</li> <li>2. They meet lady teachers after the function and provide their positive responses towards the lecture.</li> <li>3. We have observed the increased participation of girls in every function, in every rally and also in every day's attendance.</li> <li>4. Many of our students opted to take higher education and many of them got good jobs through competitive examination.</li> <li>5. We have observed our girl students got aware of their rights and observed them fighting against oppression in college and in their homes.</li> </ol>
<b>6.</b>	<b>Problems Encountered and Resources Required</b>	<p><b>Problems encountered and resources required-</b></p> <p>As our college belongs to rural area, the people live here are still of orthodox mindset. Girl students face discrimination right from their own homes. They are treated secondary in every field. The major problem is that we try to motivate girls to take higher education and achieve their dreams. But the society and their parents hesitate to allow them to do so. So, the college is facing double challenge, first is to motivate girls and second is to motivate their parents and society as well.</p>
