Students spend most of their total time studying in college. There are many questions and difficulties in the life of students between the age of 18 to 21 years. Timely resolution of those problems is very important. Keeping this matter in mind, the college implements Individual-Group Guidance Plan (Mentor-Mentee Scheme) so that the problems, difficulties and questions of those students can be solved immediately. In order to solve the academic and personal difficulties, problems and doubts of the students and build confidence in them, the college is running this scheme as per the demand of the students. Through this scheme, 18 professors of the college act as group guides for the students from 30 villages near Kurundwad who are taking admission in various branches in the colleges. The administration have been assigned the responsibility of dividing the students into village-wise groups and appointing a professor for that group to guide the students. Village wise files are given to the respective professors after the commencement of the college in June. After filling the form, the students submit it to the respective group guide professor and they get guidance from that professor throughout the year.
